

CAPABILITY STATEMENT

Excellence in Every Project. Integrity in Every Action.

BUSINESS SUMMARY

Delcid Erosion Control, LLC is a minority-owned North Carolina general contractor specializing in erosion control, landscaping, and site solutions for commercial, residential, and public-sector clients throughout Wake and surrounding counties. We provide compliance-driven site solutions that support successful project delivery from pre-construction through final stabilization. Through proactive project management, responsive field operations, and a commitment to safety, quality, transparency, and accountability, we help clients maintain schedules and achieve successful project outcomes.

MINORITY-OWNED NC GC

WAKE COUNTY & SURROUNDING

25+ YEARS EXPERIENCE

CORE COMPETENCIES

1 Erosion & Stormwater Compliance

Specialized expertise in erosion control, stormwater management, and environmental compliance.

2 Full Project Lifecycle

Maintaining stormwater control measures from installation to final stabilization.

3 Full-Service Sitework

Earthwork, grading, drainage, BMP installation, landscaping and maintenance.

4 Landscape Installation

Trees, shrubs, sod, seed, mulch and other landscape materials for commercial, residential and community projects.

DIFFERENTIATORS

■ Licensed general contractors.
